OBJECTION TO IMMUNIZATIONS

Indiana State Law requires that no student shall be permitted to attend school beyond the date of his/her enrollment without either:

1. a current written immunization record on file with the school, or
2. providing a current written immunization record to the school, or
3. providing a statement from a physician that the required immunizations have been delayed by extreme circumstances, and that a time schedule for immunization has been established, or
4. a written statement of medical or religious objection delivered to the Superintendent

I object to immunizations for my child, _____,
for the following reasons:

1. Medical Objection _____

2. Religious Objection _____

By signing this form I acknowledge that I understand that this objection does not relieve me of the responsibility of reporting any immunizations already given. I also acknowledge that I am aware that in the event of an outbreak of disease my child may be excluded from school for his/her protection.
